

Minutes to Zoning Board Meeting - May 14, 1987

The meeting of the Conway Zoning Board was called to order at 8:00pm by its chairman Raymond Johnson. The minutes were read by secretary Joanna Mee. They were approved.

The business for this meeting consisted largely of three applications for trailer permits. The first application for Jerry Roberts to put a trailer on the property of Joanna Mee at 11767 Owosso Rd. as a hardship case. Motion made by Gordon Carbery to permit the trailer to be put on said property, seconded by Ray Johnson. All in favor.

Second application for temporary mobile home to be put on an acre and one half on Gregory Rd. by Eugene and Judy Sicles. Planning to build. Motion was made by Gordon Carbery and seconded by Ron Tuggle, all were in favor.

The third application for trailer permit was made by Ernie Copeland and Kim Brendel. They applied for an accessory trailer at 10595 N. Fowlerville Rd. due to a slight complication, it was thought best to issue a hardship permit. Motion made by Gordon Carbery and seconded by Carol Berry, all were in favor.

Maurice Kingsley our township supervisor, brought up the problem of four wheel bikes running on roads and going into farmers fields. It is against the law to ride them on roads.

There being no further business a motion to adjourn was made by Ron Tuggle and seconded by Joanna Mee. Our next meeting will be Aug. 13, 1987.

Respectively Submitted;  
Joanna Mee
