To provide an orderly and efficient manner to obtain public comment and to provide the public with an opportunity to participate in public meetings, the Conway Township Board hereby adopts the following policy for public comment and conduct at public meetings:

Alternatively, the chairperson may direct the speaker to submit further comment to the Board in writing at a later date.
- 3. When recognized by the chairperson to speak, the individual recognized shall approach and speak from the podium or location designated by the chairperson and shall not deviate from the location. When the speaker is advised by the chairperson to stop speaking when time has expired, the speaker shall cease speaking and be seated.

In the event that a group of persons supporting or opposing the same position desires to be heard, in the interest of time, a person shall be designated to express the group's concern. A maximum of three speakers may speak on the same subject unless otherwise allowed by a vote of the majority of members of the Board present. The Board may direct other persons to submit comments to the Board in writing in the same manner as designated above.
- 6. Public comments must be presented in a respectful manner and participants shall conduct themselves in an orderly and civil manner. Comments or language of a lewd, insulting, or provocative nature shall not be permitted. No person shall disrupt the Board and/or partake in behavior that becomes hostile, argumentative or threatens the public or an individual's safety, or is disruptive to the meeting. No person shall utilize any profane or obscene speech or gesture.
- 7. Violation of any provision of this policy shall be deemed a breach of the peace and such person will be asked to leave. If the person being asked to leave does not voluntarily leave or cease the behavior, the person may be ejected and law enforcement may be called to remove the person.

WHEREAS, the Township PC wishes to take additional time to go through the LCPC review and comments in these areas before making a final recommendation on those proposed amendments in addition to allowing the input of its newly engaged planners;

NEW BUSINESS	<ul> <li>11. PC Feedback on The Planners Solar Outline – PC members</li> <li>Kelly commented to start with the Master Plan. Zoning is based on a plan that justifies it. Justin, the current Master Plan does give justification to go ahead with Zoning. Kelly commented about dual use. Master Plans were updated prior to 2019 when the laws changed. Hannah, the goal is to have solar energy per the Master Plan. Work in the detail about how it fits into the Plan. Solar, wind, etc., should be detailed regarding how it can work with the Master Plan for agriculture use. There are certain timing requirements to update the Master Plan. To initiate that now, we are looking at Sept. or October. Justin, if we had a draft ZO, that would be timelier. I would make updates about where the township would like to go in the future. Dual use includes: grazing and foraging, pollinator cover, and agrivoltatics for properties not in MDARD.</li> <li>a. Abby commented that the draft ordinance needs to be worked on now. ### Section 6.25 Medical Marijuana Uses

- **A. Findings.** These requirements for Medical Marijuana Uses are based on the following findings of fact:
  - Voter Approved. Voters in the State of Michigan approved Initiated Law 1 of 2008 authorizing the use of marijuana for certain medical conditions, resulting in the passage of the Michigan Medical Marihuana Act, MCL 333.26421 et seq., as amended ("the Act" or "MMMA").
  - 2. Intent. The intent of the Initiated Law was to enable certain persons specified in the Act who comply with the registration provisions of the Act to legally obtain, possess, cultivate/grow, use, and distribute marijuana, and to assist specific registered individuals identified in the Act without fear of State law criminal prosecution under limited, specific circumstances set forth in the Act
  - 3. Controlled Substance. Despite the specifics of the Act and the permitted activities set forth therein, marijuana remains a controlled substance under Michigan and Federal law. Obtaining, possession, cultivation/growth, use, and distribution of controlled substances has a potential for abuse that should be closely monitored and regulated, to the extent permissible under the Act, by local authorities. Given the effect of the Act on municipalities, it is in the best interest of municipalities to use their zoning authority to adopt reasonable regulations to mitigate and/or prevent harmful secondary effects that could negatively affect health, safety, welfare, and quality of life of their residents.
- **B. Purpose.** It is the purpose of this Section to impose specific requirements for those individuals registering with the State of Michigan as a "qualifying patient" or a "primary caregiver" as those terms are defined in the Act, and to regulate the conduct of activity pursuant thereto in the Township so as to protect the health, safety and welfare of the general public. Conway Township is not legalizing or permitting the use of controlled substances within its borders, whether that substance is medical marijuana or any other identified as a controlled substance. Rather, Conway Township is establishing locations and regulations for uses set forth in the Act to comply with the Act. If after adoption, any portion of the Act is repealed, or any portion of the Act is deemed unconstitutional by the Michigan Supreme Court or a lower Michigan court decision chosen not to be heard by the Michigan Supreme Court, any activities or uses within this Ordinance applicable to the repealed or unconstitutional portion of the Act are immediately repealed as well.

It is further intended that nothing in this Section be construed to allow persons to engage in conduct that endangers others or causes a public nuisance, or to allow use, possession or control of marijuana for nonmedical purposes or allow activity relating to cultivation/growing, distribution or consumption of marijuana that is otherwise illegal under State law.

- **C. Definitions.** For purposes of this Ordinance, the words and phrases contained herein shall have the meanings set forth in the Act and the regulations adopted by the State of Michigan, Department of Community Health, pursuant to authority conferred by Section 5 of the Act, inclusive of all amendments to the Act. For the purposes of this Ordinance, the terms "marijuana" and "marihuana" as used here, in the Act, and elsewhere, shall be synonymous.

  - 2. Medical Marijuana Caregiver Operation or Caregiver Operation means any registered primary caregiver who cultivates produces, sells, distributes, possesses, transports, or makes available marijuana in any form to a qualifying patient for medical use in accordance with the Act. The term "caregiver operation" shall not include the private possession, production, or medical use of marijuana by a registered qualifying patient in compliance with the restrictions of this ordinance.
  - Medical Marijuana Collective, Cooperative, or Dispensary means any facility, 3. structure, dwelling, or other location where medical marijuana is grown, cultivated, processed, stored, transmitted, dispensed, consumed, used, given, delivered, provided, made available to and/or distributed by two or more of the following: a registered primary caregiver, or registered qualifying patient. The term "collective" or "cooperative" or "dispensary" shall not apply to a registered primary caregiver that provides necessary care and marijuana for medical use exclusively to his/her five or fewer designated qualifying patients in strict accordance with the Act and the Administrative Rules of the Michigan Department of Health and Human Services. A marijuana collective, cooperative, or dispensary shall not include the following uses that are in compliance with this Ordinance and all laws and rules of the State of Michigan, and intended for on- site patient use only: a State-licensed health care facility, a state-licensed residential care facility for the elderly or infirm, or a residential hospice care facility.
  - 4. Medical Use of Marijuana, also known as Marihuana, also known as Cannabis has the meaning given to it in Section 7106 of the Michigan Public Health Code, as it is referred to in Section 3(c) of the Act. Any other term pertaining to marijuana used in this Section shall have the meaning given to it in the Act and/or in the General Rules of the Michigan Department
